

Gay Demarco

SM Engineering Company

9 Ninth Avenue N

Hopkins, MN 55343

Dear Gay,

I am writing to thank you and all the SM Engineering Group for your services in regard to our utility bill audits for our manufacturing company. The process was well presented and went exactly as planned. In the end we received a refund exceeding 80k for past years.

I would recommend SM Engineering for their professionalism and their expertise. They provide a service that the average company just does not have the staffing to perform. I look forward to a follow up visit to reassess our needs in the future.

Great Job!
