

May 21, 2019

Michael,

Thanks for helping us acquire a substantial refund check, and also lock in rates that give us savings annually. SM Engineering files the State forms that allow you to get reduced energy rates and credits that almost every manufacturer does not know about. Do yourself a favor and have SM Engineering find you the money you didn't know was missing.

If you want to impress your owner, call SM Engineering.

Regards,

Daniel G. Zenner
