SM Engineering Co.
Jerry Blizen
Senior Utility Audit Consultant
915 Mainstreet, Suite 102
Hopkins, MN 55343

Jerry,

Thanks for reaching out to follow up on your services. Your firm did a superb job on our project, and I found everyone to be very professional as they worked on the project. SM Engineering also completed the study in a timely manner with very little interruptions to the business. I will refer you to all my tax contacts for their engineering studies.

Thanks again,

Wayne Wilson
