To: SM Engineering Prospective Clients,

KC Bier Company engaged with SM Engineering to review our energy bills. They were able to successfully navigate the utility records and refund process for our brewery. Their knowledge and expertise resulted in significant refunds and future savings we will enjoy for years to come. Their staff was always easy to communicate with and the entire process required minimal effort compared to the results. I would highly recommend looking into their services.

Sincerely,

A handwritten signature in blue ink that reads "Stephen R Holle".

Steve Holle
