

MANN + HUMMEL

10/5/2018

Jerry,

The MANN+HUMMEL Purolator team is very appreciative of the great results you and your team at SM Engineering have provided. SM Engineering's process is very simple and easy for us and the outcome can only be seen as a win-win situation.

I can definitely recommend to anyone to be open to the services of SM Engineering.

Thank you again.

Best Regards,

Regnier Tempels

Vice President and General Manager
